COYOTE 600

Saturday, Oct. 30. 8AM-check-in 9AM-start

The Black Mountain Bowmen are excited to host the 2021 Coyote 600. We are changing things up some, from prior Coyote 600 events. Archers will shoot a Vegas round, followed by an NFAA 5-Spot round. Both have a maximum score of 300. $300 \times 2 = 600!$ We are simplifying the classes & equipment styles:

Ages: Youngster (8 yr - 17 yr) and Adult (18+). That's it!

Equipment: Trad/Recurve and Compound.

Gender: Female and Male.

New to archery? Never competed? That's OK! Come join in & have a lot of fun learning & competing!

Introducing the "Open" class - **anyone** can shoot in the open class. Any age, any gender, and equipment, as long as it's Trad/Recurve or Compound. Everyone in this class competes against each other. The "Open" class will have a shoot-off of the top 5 archers of the class to determine finishing positions.

FORMAT:

1. Vegas Round: 20 yards. 10 ends, 3 arrows/end. Xs used to break ties. 30 arrows.
2. 5-Spot Round: 20 yards. 12 ends, 5 arrows/end. Xs used to break ties. 60 arrows

Awards given for 1st, 2nd, and 3rd place for all classes as follows:

GUARANTEED!

OPEN CLASS SHOOT-OFF

The top 5 archers in the Open class (after shooting the Vegas & 5-Spot rounds) will compete in a Shoot-Off to determine finishing positions as follows: (high scores wins highest finish spot, ties continue as needed until 1st/2nd/3rd is determined)

- Vegas round - Xs not used for ties.
- Vegas round - Xs used for ties.
- Vegas round - Inside out X=10, 10=9, and so on.

SHOOT FEES:

Youngsters & Adults - \$20

Open class - \$40

Pre-Registration - **REQUIRED.** Cut-off 1 week before event. See link above.

EVENT MINIMUM

BMB must have a minimum of 40 participants since BMB is paying-out \$ for top finishers. BMB is not looking to make \$ from this event, in fact it will probably lose \$. That's OK, BMB is doing this for the enjoyment of the archery community it serves. Event cancellation will be given 1 week prior to the event, if necessary. BMB does not believe this will be an issue.
